2M EXPERT is a company specialized in the import-export of equipments and raw materials in the industry of plastic in Algeria and also in Tunisia.

The plastic activity in Algeria was resumed by the private sector thru small and medium sizes companies wich look at present for partnerships allowing them to benefit from the expertise of the foreign companies.

The Algerian and Tunisian market plastic products is very strong for the foreign suppliers incase of the incapacity of the local production, the statistics translate a regular growth of the imports in this sector with an annual average growth rate of 19% from 2002 till 2006.

If you want to invest in the industry of plastic in Algeria or in Tunisia, 2M EXPERT suggests accompanying you through the various phases (prospection, orientation, investment, exploitation, machine,mould,raw materials, equipments.....) for the realization of your projects.

Société spécialisée dans l'import export des équipements et matières premières dans l'industrie du plastique en Algérie & en Tunisie

L'activité plastique en Algérie a été reprise par le secteur privé à travers des petites et moyennes entreprises qui cherchent actuellement des partenariats leur permettant de bénéficier de l'expertise des sociétés étrangères.

Le marché algérien et tunisien des produits en plastique est en effet très porteur pour les fournisseurs étrangers en raison de l'insuffisance de la production locale, les statistiques traduisent une croissance régulière des importations dans ce secteur, avec un taux de croissance moyen annuel de 19% de 2002 à 2006.

Vous voulez investir dans l'industrie du plastique en Algérie ou en Tunisie, 2M EXPERT se propose de vous accompagner à travers les différentes phases (prospection, orientation, investissement, exploitation, machine, moule, matières premières, équipements...) pour la réalisation de vos projets.
